

## 2. User Stories

1. As a user, I want to swipe through similarly valued items to my inputted item(s), so that I can exchange my item(s) for another user's item(s).
2. As a user, I want to create a closet of items that I want to trade, so that I can easily track my inventory.
3. As a user, I want to like items, so that I can keep track of items I'm interested in.
4. As a new user, I want to select my item interests, so my suggested items are more relevant to my interests.
5. As a user, I want to receive email notifications for items that I've traded, so that I know when my item will be shipped and delivered.
6. As a user, I want to specify the name, description, quality, location, up to 10 pictures, and up to 10 tags for each item that I want to trade, so that other users can find and potentially trade for my items.
7. As a user, I want to find items I am looking for by selecting words and tags and by filtering on tags, quality, and location, so that I can easily find things that I want.
8. As a user, I want my search results to prioritize listings by active users, so that I can maximize the chance of a trade.
9. As a user, I want to input out how much my items are worth, so that I can be matched with items of a similar value.
10. As a user, I want to be able to see trades that are within a specified radius, so I can save on shipping fees.
11. As a user, I want to require the other trader to have to input a tracking number, so I can be assured it was shipped to me.
12. As a user, I want to specify contact information and see other user's contact info, so that I can discuss certain items for trading.
